

Since media diversity is critical to the functioning of a healthy democracy, I am asking the FCC to postpone its vote on Broadcast Ownership, Docket 02-277, until Americans have had more opportunities to learn about and discuss the possible consequences of a rollback of media ownership regulations. I find the current monopoly of media ownership approaching intolerable levels and is a threat to the continuation of credibility and integrity of delivery of unbiased news and information. It is not serving the public's interests and I do not want more of it. Thank you.
